HONEYMOON[®] HONEY WINE

Wine Notes

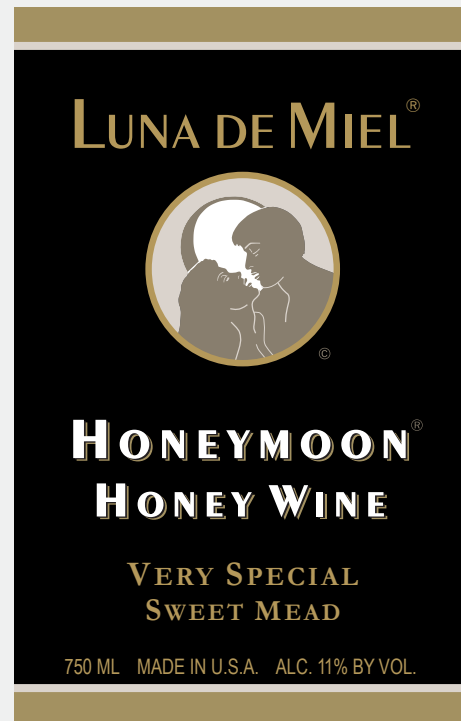

Luna de Miel brand Honeymoon Honey Wine is made from 100% natural honey and without the addition of fruit or grape juices. Honeymoon Honey Wine is golden in color, displays delightful honey aromas, tastes similar to a honeyed dessert wine, and feels thick and velvety on the palate. Honeymoon Honey Wine is best enjoyed chilled or icy cold in an elegant champagne flute or handsome wine goblet.

The Term Honeymoon

The term Honeymoon arises from the Medieval custom of drinking Mead (honey wine) by the bride and groom for a full lunar cycle (28 days) ... Luna de Miel brand Honeymoon Honey Wine is made from Pure Honey and is symbolic of Fertility (honey) and Romance (honey wine).
